MISSION & VISION

Our Mission

To bridge the gap of physical activity levels by ensuring healthy, holistic and inclusive PE and School Sport for all.

Our Vision

To ignite a passion in every Croydon child so that they instinctively pursue active choices to empower them in leading a fulfilling and healthy life.

Croydon School Sport Partnerships (Croydon SSP) work to improve PE and School Sport within the London Borough of Croydon. We have been involved with local schools for over 15 years and pride ourselves on delivering a bespoke professional service that best fits the needs of individual schools.

We are a team of passionate and committed educational and sports development specialists with over 45 years combined experience in this field. Our team are commissioned to deliver the 3 School Games Organiser roles in Croydon.

We are also the lead organisation for Health and Wellbeing as well as Leadership and Volunteering for schools across 5 South London boroughs.

Through our partnerships with key stakeholders in the educational field, including Youth Sport Trust, London Sport and Create Development; we are enabling schools throughout Croydon to access a great array of opportunities. This includes programmes such as the Change 4 Life extended projects, leadership, inclusion, teacher and curriculum support and competitions (including the School Games) from intra-school to national level.

Our membership service to you

Croydon SSP provides expertise across the full spectrum of Physical Education, School Sport and Physical Activity. Schools will receive a personalised package designed to enrich the curriculum and enhance their PE offer.

“Working with the CSSP has allowed our pupils to experience high quality sports competitions in a variety of sports that we would not have been able to provide on our own. They are all organised really well and communication with the school is excellent.”

The CSSP have also worked alongside our PE coordinator, providing tailor-made support for both the pupils within the PE curriculum as well as really engaging and useful CPD for all staff as well. They have also supported the school when applying for awards that recognise the good practise that is now going on. We would highly recommend the service that the CSSP provide. The team are all excellent and make the sessions really enjoyable for everyone. Thank you.”
